

J R S O C I A L

In Junior Social Detectives we will teach your child to look at the details of forming and maintaining relationships. Each child will walk away with skills they can use in their everyday interactions at school, home, and on the playground with friends. Not only will we discuss peer relationships, but also family dynamics and each child's individual concerns. Help your child take their friendships and relationships to the next level, and have lots of fun along the way.

DETECTIVES

Lindsay Ludtke is a pediatric occupational therapist with experience in sensory integration therapy, Brain Gym and the use of visual strategies to support learning and development. Lindsay is currently working on completing her certificate in The Developmental, Individual Difference, Relationship-based (DIR®/Floortime™) Model and has training and experience in a variety of other modalities. Lindsay has extensive experience leading social skill groups.

Kim Waters is a Limited Licensed Psychologist who works with children and their families. Kim has experience in collaborative problem solving techniques, cognitive behavioral therapy and many other therapeutic modalities. Kim has specialized skills in working with gifted children and meeting their unique social-emotional needs.

This unique group will look at both your child's sensory-motor and psychological needs. Please register soon as space is limited.
